Congratulations on choosing an extraordinary career path! There have been many changes in the line industry over the last 50 years, and Lineman's Testing Laboratories has been there for them all. The most notable change in the industry has been in the promotion of electrical safety and the protection of the electrical worker. That's where we come in -- we're here to help you do your job safely. LTL Utility Supply stocks a large inventory of rubber goods, insulating equipment and utility tools, carrying only quality equipment from industry-recognized manufacturers. LTL Product Specialists include experienced lineman who have the knowledge and expertise to guide you through selection, sizing and proper care of all required equipment. Our Product Specialists remain current with legislation and industry best practices. Visit our fully stocked store for equipment that's pre-tested and ready to go!
